

B. BRAUN EXADORAL® ORAL SYRINGES

EXACT. SAFE. EASY.

To prevent medication errors and accidental intravenous injections of oral liquids, B. Braun offers an exact, safe, and easy oral syringe. A device that is recommended world-wide in oral administrations.

USER BENEFITS

- Exact withdrawal and dosing
- Safe non-luer tip design (for avoidance of misconnections)
- Easy to read graduation
- Easy handling due to syringe-type design
- Fast, clean, and effective administration
- Suitable for viscous liquids
